

ENVIRONMENTAL POLICY

Crown Paints Kenya PLC, a manufacturer and distributor of paints and allied products, is committed to responsible environmental stewardship in all its business operations. As a responsible corporate citizen, the Company is dedicated to the protection of the environment, including the prevention of pollution, effective waste management, sustainable use of resources, and minimization of adverse environmental impacts arising from its activities, products, and services.

Environmental protection is recognized as a core guiding principle and an integral component of sound business performance. Crown Paints Kenya PLC is committed to providing quality products and services while promoting continual improvement of environmental performance.

In support of this commitment, Crown Paints Kenya PLC shall:

- a) **Comply with all applicable environmental legal and other requirements** relevant to its environmental aspects, including regulatory and statutory obligations.
- b) **Establish, implement, maintain, and continually improve an Environmental Management System (EMS)** in accordance with ISO 14001, including the regular review of environmental objectives, targets, and programmes associated with significant environmental aspects.
- c) **Prevent pollution and minimize environmental impacts** by adopting environmentally friendly strategies in paint and resin production, distribution, and supply, including waste reduction and efficient use of natural resources.
- d) **Promote environmental awareness and competence** by educating, training, and engaging employees, contractors, suppliers, and other relevant stakeholders, encouraging their active participation in environmental protection initiatives.
- e) **Ensure that this Environmental Policy is documented, implemented, maintained, and communicated** to all persons working for or on behalf of the organization and is made available to interested parties.

This Environmental Policy provides the framework for setting and reviewing environmental objectives and supports the organization's commitment to continual improvement of its environmental performance.
